Everyone, I mean everyone new to Penn State, should read this book because it has tons of great advice. This book feels like a crash course to the chaos that is being an undergrad at a Big 10 school. I wish I had this during my enrollment, when my family and I were navigating US higher education for the first time.

- Mizzah Tocmo, PSU 2023

This detailed guide to Penn State offers something for all students, regardless of semester standing. On such a large campus, it is hard to discover all of these useful suggestions on your own. This guide serves as both an introduction to the university and a reference for numerous facets of your college career.

- Clara Ocneanu, PSU 2014

This book provides a wealth of knowledge in all areas.

- Catherine Caterson, PSU 2011

This book is a "must have" for every Penn State undergraduate. In one book Glantz and Ritter have captured many of the essential resources available at Penn State, powerful study techniques, and suggestions to plan for a successful career following graduation.

- Will Smittinet, PSU 2006
